

Dear Parents/Guardians and Students of Wolf Hill School,

First and foremost, I hope this email finds you and your family well. I sincerely hope that all of your families are okay and figuring out how to navigate these uncertain times. I want to thank you all for your patience and understanding through the first phase of our virtual learning roll out. I want to commend the teachers of Wolf Hill School for being flexible, professional, and innovative at a very unique time. As a district, we have been working diligently as a staff to ensure equitable access to technology resources for all of our students and we have been collecting data on each of our students and their ability to access our virtual learning tools. Our staff has been working on professional development to ensure that they are ready to use the virtual learning platforms to foster a distance learning environment that focuses on growth and connection for all of our students.

As we move into phase 2 of the virtual learning roll out, we will be utilizing Google classroom as the main platform for our virtual learning to take place. Students will be asked to access their teacher's Google Classroom page for the day's lessons and activities. We will also be creating a school wide Google Classroom where all students will be able to access content from our school counselor, related arts teachers, and me. The Google Classroom code is **ieycvib**. **Directions to accessing Google Classroom can be found [here](#) and on the district's website.**

***Our hope is that this school wide classroom page can help to create a virtual community of shared experiences between our teachers, students, and families.*** We look forward to this next phase of our roll out and continuing to do what we can to support the families and students of Oceanport. We will remain strong in the coming days, and we will rely on each other as we collaboratively learn and grow together. Your patience, understanding, and support is greatly appreciated. Please continue to reach out to me with any questions or concerns. As we say at the end of all our school wide gatherings, We-Are-OP, and together we will get through this!

With sincere appreciation,

Mr. Maglione
